Dear Leon:

I received your good letter with its enclosures
and I hope my answer will reach you in due course
although I know you will be moving around in Europe.

I am still hoping to get away around August
first but until I know the date of adjournment of
Congress, I can make no definite plans.

Faithfully,

Dear Allen,

Herewith enclosed Wilson
interview with Mikoyan which
illustrates British appeasement
efforts toward Soviet Union and
China.

While I believe your offices are
sending you such articles I
thought it is a good idea to
arrange it to you.

I am feeling much better and
completely cured.

I hope you will let me know
when you are going to Europe.

Best regards. Sincerely, Elmore
